Most Wheat Frost Damaged

Harvest Delayed By Rain, 50% Completed

Combining in the Vulcan district is about fifty percent completed. Harvest operations have been at a standstill since last Friday's rain of about one inch but wind on Tuesday was helping dry the swaths and combining is expected to again be general this weekend if the weather holds.

Yields show a wide variation, running from 15 to 20 bushels on stubble to 40 to 50 bushels of wheat per acre on summerfallow. It is estimated that about 80% of crops in the district have suffered frost damage.

There was a considerable reduction in spring wheat average this year, with more durum wheat, flax and barley being sown. Five-bushel quotas are now in effect on durum and flax.

Arrowwood

The Arrowwood Home and School held their first meeting of the school term on Tuesday evening. Dale Wyatt was presented with a \$10.00 scholarship for passing with the highest marks in Grade 9. Entertainment consisted of an introduction of the staff to the parents with a visit to the different class rooms. Following the meeting a delicious lunch was served by hostesses Mrs. Joyce House, Mrs. C. Arney, Mrs. T. Board and Mrs. F. Oberholzer.

The Arrowwood F.W.U.A. held their regular meeting on Wednesday with a good membership present. Mrs. M. Pinkerton demonstrated cutting up a chicken. The district is reminded of the annual drive for vegetables etc. which will take place from the U.F.A. hall on Oct. 2 with Mr. Frank Hall in charge again. The shipment will go this year to the Salvation Army Booth Memorial Home. Following the meeting a lovely lunch was served by the hostesses Mrs. Williams and Mrs. Norton.

Mr. and Mrs. Orville Williams and son of Clarkson, Washington, were renewing acquaintances in this district last week.

Congratulations to Mr. and Mrs. George Roberts Jr. on the arrival of a daughter in Vulcan hospital on Sept. 21.

Mr. and Mrs. D. Richards were recent visitors to Edmonton where they attended a convention in connection with the forthcoming drive for the Institute of the Blind.

Mr. and Mrs. I. Seely of Vulcan were Sunday visitors at the home of Mr. and Mrs. T. Seely.

Mr. and Mrs. C. Helm, Mr. and Mrs. A. MacDonald of Wimbourne were Sunday visitors at the home of Mr. and Mrs. Ray Helm.

Mr. and Mrs. E. Roth have moved to Gleichen where Mr. Roth is operating the Gleichen transport and the Dave Snelder family have moved into the house formerly occupied by the Roths.

Mr. and Mrs. Mel Reaugh and two children of Devon have returned to their home after spending the past two weeks visiting at the home of Mr. and Mrs. R. E. Hill.

MORE THAN 500,000 PEOPLE became potential Alberta tourists following their visit to the California State Fair and Exposition at Sacramento, Calif. this month. That was the estimated proportion of the approximately 850,000 people attending the Fair who viewed the display staged by the Alberta

First Aid Course Starts Oct. 5

Officials report that the response in the way of enrollments for the St. John's Ambulance first aid classes, scheduled to start Friday October 5, has been rather disappointing, with only five additional enrollments this past week.

Facilities are available for a large class and those wishing to take the course are asked to get in touch with Bill Shields or Lundy Findlay. Enrollments will also be taken the first and second evenings and provision being made to repeat the first two classes at the end of the course should the late harvest make this necessary.

If the group taking the course is interested, arrangements will be made to have the Provincial Commissioner or Deputy Commissioner outline the organization and advantages of forming a St. John's Ambulance Auxiliary Brigade.

Mrs. Agnes Hulbert Dies at Edmonton

Word has been received of the death of Mrs. John S. Hulbert of Edmonton, daughter of the late Dr. Andrew F. Wilson of Carmanagay.

Born and educated in Carmanagay, she was a graduate of the Royal Alexandra School of Nursing in Edmonton and acted as operating room supervisor for a number of years.

Surviving are her husband; a daughter, Patricia Louise; her mother, Mrs. Bernice Wilson; two brothers, Douglass Wilson of Kirkcaldy and Lindsay Wilson of Lethbridge; and sisters Mrs. Georgina Embelau of Calgary and Mrs. Mary Alverson of Edmonton.

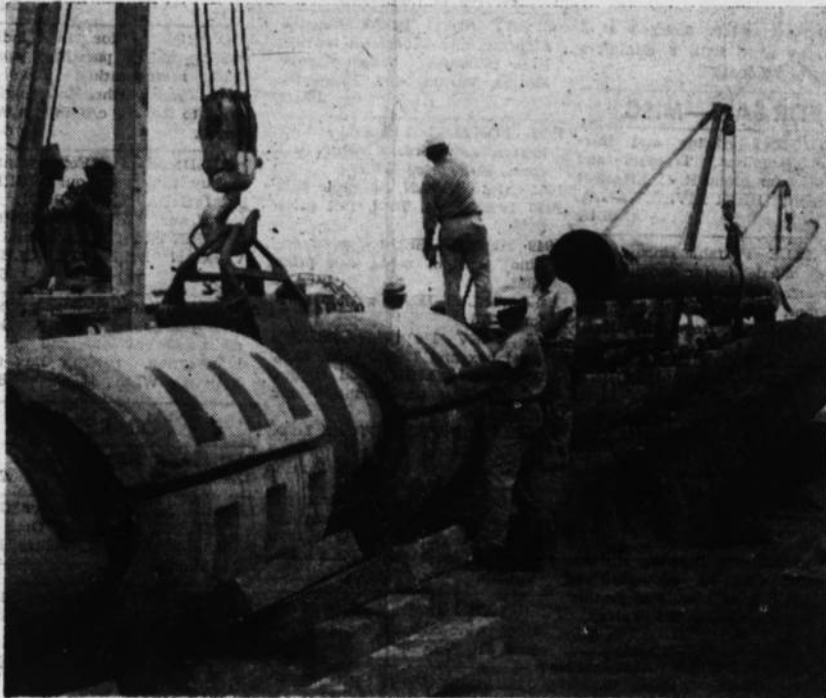

Funeral services were held in Foster and McGarvey funeral chapel in Edmonton with Rev. J. R. Geeson and Rev. J. R. Martin officiating. Burial was in Beechmount cemetery in Edmonton.

LOWER FLASHIER

According to news from the Financial Post the new cars coming along in November are likely to have even flashier color treatment than this year. Prices will probably be a little higher. Trend to more extras will be continued, and so will the booming four-door hardtops. Black will continue its comeback as a popular color and there will be more gold grilles. Most cars for 1957 will have 14 inch tires instead of 15, with new tires slightly wider, and taking lower air pressure, adding to safety and to the low look. In color schemes it is predicted that some of the "bright" shades will be muted, and that some of the shocking pinks and fuchsias will go.

On several small islands in Lake Louise in Prince Albert National Park, Saskatchewan, is located one of the largest rookeries of American white pelicans in Canada.

government. The booth featured merchandise available in this province, the industrial products and potential here and gave emphasis to the holiday attractions that are available year-round. The booth at the 12-day event was arranged by the Department of Economic Affairs.

Six-thousand-pound weights are used to hold down the 34-inch pipe in the Trans-Canada Pipe Lines natural gas pipe line project now

being built between Burstall, Sask. and Winnipeg, when the pipe has to be laid through water holes or sloughs across the Canadian prair-

ies. Here the weights are being placed around the pipe at a water hole in the Chaplin area of Saskatchewan.

Hold "Slave Market?"

Lions Seek Ways Of Aiding Activities Fund

The Vulcan Lions Club has held two meetings recently to make plans for raising funds for community activities. For several months the club has been spending considerably more on the swimming pool, baseball park, little league baseball and other undertakings than it has been taking in. It was decided to maintain all these activities if possible, realizing that this would mean finding new ways of raising funds.

Some rather interesting ideas have been presented, including an amateur night program, a light bulb sale campaign and a "slave market". While no decision was made at the last meeting, a committee was appointed to look into the idea of a "slave market", draft a tentative set of rules and present the plan to the first meeting in October for further consideration.

The idea of the "slave market" presents wonderful possibilities if not abused, according to some members of the club. The proposal would call for each member of the Lions Club offering his services, in any capacity, for one day to the highest bidder, with all proceeds going to the Lions Club activities fund. Some suggested services that members could be used for include duties such as doorman, ticket sellers, manual labor, bookkeeping, carpentry, professional services, etc. Then there's always the chap who wants three members of his own choosing to clean out his corral and the wife who would like to hire her husband to do some chores around the house.

Succeeding meetings will determine what activities the club will undertake, but there is a possibility the "slave market" might be staged in conjunction with the annual two-day turkey shoot early in December.

The club's 12th annual charter night date has been set for November 7 in the IOOF hall and District Governor Lynn of Lethbridge has agreed to make that date the occasion for his official visit to the Vulcan Lions Club.

CHEMICAL CONTROL OF CANADA THISTLE

(J. J. Sexsmith, Agronomist) Canada thistle can be controlled by the use of 2,4-D ester, but eradication should not be expected from a single treatment.

In cereal grains, top-growth control is obtained with a treatment of 6 to 8 ounces acid equivalent. Such treatment should be applied to the grain crops between the four-leaf and early shot-blade stages of growth and is unlikely to do more than control thistle top-growth. Some degree of stand reduction is possible if a 12- to 16-ounce rate of 2,4-D ester is applied in the stubble shortly after removal of the crop, followed two weeks later by a cultural treatment.

Best stand reduction of thistles can be experienced from one or more treatments of 2,4-D ester at

Port Royal, Nova Scotia, is the site of a restoration of Champlain's "Habitation" or first fort, built in 1605.

Australian Beauty

Miss New Australia 1956—Miss Zdenka Babic—is shown above with Maurice Pate, Executive Director of the United Nations Children's Fund (UNICEF), during a recent visit made by Miss Babic to U.N. Headquarters. Miss Babic was born in Yugoslavia, but after the second world war her family moved to Austria where as a child she was one of the beneficiaries of UNICEF aid. Later, she moved to Australia. Recalling the aid received as a child, Miss Babic took part in a recent fund-raising appeal for UNICEF in Australia which yielded \$3,500.

With The District Agriculturist Hugh Michael

Plant Tulips For Early Season Colour

Tulips occur in great variety and colour. Many varieties are hardy for Southern Alberta and make a colourful showing early in the season. The normal time to plant tulips is during the latter part of September or early in October. Tulip bulbs taken from an old bed should be replanted about the end of September or as soon afterwards as possible.

Tulips are usually planted from six inches to one foot apart depending on the planting program for the area to be planted. If the tulips are to be followed by other flowers, and the other flowers are to be planted among the tulip he use of one-foot spacings is recommended. This spacing will provide ample room between the tulips for other plants that are to bloom later. Where tulips are to provide the bloom for the season six to nine-inch spacings can be used to advantage. The closer spacing results in a better mass effect.

The depth of planting for tulip bulbs is usually 4 to 5 inches below the ground surface. Bulbs should be planted upright with the base downward and the apex up. If the soil is dry a watering should be given soon after planting. Under normal conditions tulips develop roots in the fall and a moist soil assists in furthering this development.

During the early spring before flowering takes place, tulips are quite sensitive to drying. Tulip plants at this stage of development will not tolerate a dry soil even for a short time. When soil moisture is allowed to reach a low ebb, many blasted buds will develop. For this reason the moisture content of soil should be checked frequently during May, and until the blooming period is over.

After flowering the plants should not be allowed to mature seed. For this reason the flower stalks should be removed after flowering is over. Cutting the stalk just above the uppermost leaf is desirable.

POST OFFICE TO ISSUE FIRE PREVENTION STAMP

A special 5-cent red and black stamp will be issued Oct. 9 in support of National Fire Prevention Week. It is hoped the stamp will emphasize the importance of reducing the needless waste caused by preventable fires.

Each year hundreds of Canadian lives and millions of Canadian dollars are lost to fire.

The stamp design is the work of an Ottawa artist, Arthur Price.

GARAGE SERVICE

Open on Sunday from 10 a.m. to 8 p.m., and until 8 p.m. each day this coming week.

Display Various Types Extinguishers

Make Further Plans For Fire Prevention Week

A variety of different kinds of hand type fire extinguishers will be on display in a local store window throughout Fire Prevention Week, October 8 to 13. The new fire chief, Lundy Findlay, reports that in response to a letter of enquiry to the Chidlow Fire Protection Equipment office in Lethbridge, this company has already sent six new hand fire extinguishers of different types. They consist of vapor, carbon dioxide, dry chemical, foam and soda and acid extinguishers as well as a pressurized water extinguisher.

It is hoped that, in addition to this display, members of the Vulcan Volunteer Fire Department will be able to put on a demonstration, Wednesday afternoon, of extinguishing various kinds of fires, using the different types of chemical extinguishers.

In addition to the display and demonstration, inspections will be made of public and commercial premises with a view to fire prevention and fire drills will be conducted at both schools. In an effort to make all residents fire prevention-conscious, firemen working in pairs will offer to inspect dwellings. This will be on a voluntary basis and firemen will not insist on making an inspection. Such inspection will only be carried out if requested by the occupants of the house. It is also hoped to have a booklet, "Fire Prevention in the Home", and a card, "Instructions to Baby Sitters", to hand out at each dwelling.

Plan School Track Meet On Oct. 5

The Vulcan Local Alberta Teacher's Association had its first meeting of the new school term on September 19 in the Vulcan high school. Miss M. McKay took the chair in the absence of the president.

It was decided to hold a track meet on October 5 with an alternate date October 12. The schools would be grouped into three zones, Mossleigh, Arrowwood and Heron; Milo, Lomond and New Dale; Brant, Vulcan, Champion and Carmanagay. The meet will be held at Carmanagay, for the latter group. Plans were made to hold a banquet in Calgary during the convention November 1 and 2 for the staff of Vulcan County schools.

New Books At Vulcan Library

The Berrywater FWUA has been promoting a plan to both assist the Vulcan library and at the same time keep alive the memory of the pioneers of their organization. The plan has been started with the donation of three books, namely: "Henry Wise Wood of Alberta," "I Married the Klondyke" and "The Lamp is Heavy," given in memory of Mrs. John Douglass.

Errett King Dies Suddenly

Town and district residents were saddened to hear of the death Sunday evening of Errett King, well known druggist of Vulcan. Death occurred as the result of a heart attack.

Full details will be carried next week.

Glen Gorbous Back After Summer With Miami Marlins

Glen Gorbous has returned to his home in Vulcan after spending the baseball season as a member of the Miami Marlins of the International League. He will attend Philadelphia's spring training camp next year with the hope of catching a regular fielder's berth with the Phillies, with whom he played most of the 1955 season after being traded to them by Cincinnati.

Glen celebrated his return home by playing with Calgary's Brookman Dodgers in an exhibition double-header against Medicine Hat All-Stars on Sunday, smacking in the winning runs as his team won the first contest 2 to 0 and getting a home run and two other hits as Calgary won the second contest 10 to 0. His hitting record for the two games was three for four in the opener and a perfect three for three in the second.

Glen had played two years with Calgary Purity 99 before leaving in 1951 to sign with Pueblo of the Western League, where he established a league record of 204 hits in a season and had a batting average of .338. He left Pueblo for Fort Worth of the Texas League, where he was named on the league all-star team. In 1955 Cincinnati obtained his services from the Brooklyn Dodgers farm system and he was with the Redlegs a month before his contract was sold to Philadelphia, where he completed the season.

Mrs. David Mills and Mrs. James R. Stein.

A local family has donated a book in memory of Mr. and Mrs. Dewey Doane, pioneers of the Red Cross and Berrywater districts, in place of the usual floral tributes. This book is "The Mysterious North" and is a very up-to-date collection of northern episodes. One of these is of especial interest to Vulcan people. It is the story of Tom Payne's discovery of the gold that built Yellowknife. Mrs. Payne is a sister of Bev Banks of Vulcan.

One of the largest herds of Elk in Canada ranges the plains and woodlands in Riding Mountain National Park, Manitoba, and may often be seen in the meadows near Audy Lake.

RICHARD GREENE, who stars in The Adventures of Robin Hood series which commences Sept. 24 on Canadian television.

Feeder's Association

A General Meeting

of parties interested in a Feeder's Association will be held in the County Office on MONDAY, OCTOBER 1st at 8:00 p.m., when all aspects of the Association will be explained.

The Feeder's Association is designed primarily for the small feeder. Three thousand dollars is lent for the first year and four thousand after a feeder has fed for a year. The interest rate is five per cent.

To form an Association, at least ten members must sign up, at the meeting, to take cattle, as cattle must be bought before January 1st and must be sold before July 1st, 1957.

It will take at least six weeks to arrange for the government-backed bank loan, so interested parties must sign up now.

\$ SAVE \$

IT IS MUCH LATER THAN WE THINK—

Due to the increased price of steel, Oliver Corporation has been forced to increase the prices of machinery, along with other major machinery companies.

If you are planning on purchasing any new, needed equipment soon, call in before Oct. 1st and save the price increase.

Dehorn Feeder Calves
It Pays

(H. J. Hargrave—Head,
Animal Husbandry Section)

Getting rid of horns on feeder
calves is a management practice
that cuts costs of livestock produc-
tion and promotes feedlot efficiency.
During the next month before
feeder calves are marketed there
is ample time to dehorn any ani-
mals that still carry their horns.
Dehorned calves always sell at a
premium over horned calves re-
gardless of any horn tax.

The best time to dehorn a calf is
before it is two months of age—
using caustic soda or potash im-
mediately after birth or doing the
job with dehorning spoons or tubes
at branding time. The sooner the
horns are removed, the better.

Most calves are now four to six
months of age. If they still have
their horns it is wise to remove
them before weaning, thus allow-
ing time for complete recovery
while the calf is still on the cow.
(The tools to use at this age include
the saw, the gouger, or the clip-
pers. Many operators prefer the
saw. It may take few seconds lon-

ger but it causes less bleeding and
shock to the animal, especially if
the horns are a good size. When
a saw is used there is no possibility
of cracking the skull which occa-
sionally occurs when clippers are
used on large horns.

Early fall dehorning is one job
that can be done during a wet
spell while waiting for hay and
grain to dry in the fields. The
time and effort required to do the
job will be well repaid when sale
time comes this fall. Dehorned
calves are worth more money to
the feeder and he will pay more
money to get them. If the calves
have to be dehorned after they get
to the feedlot additional time and
expense is involved because the
animals are given a significant set-
back.

The producer who brings prop-
erly dehorned feeders to the sale ring
has a marketable package that the
feedlot operator wants. Such a
package brings more cents per
pound. It pays.

Deep canyons, thundering water-
falls and an iceberg lake are part
of the scenic charm of Kootenay
National Park, British Columbia.

A New idea in Staplers...

**applies staples and
removes them, too!**

**BOSTITCH B8R
Combination Stapler
And Staple Remover**

It staples... it tacks. Operates on
the desk or in the hand. Quick, neat,
secure for fastening bags and bun-
dles, bills and checks, window shades
and curtain tie-backs, dozens of
stapling and tacking jobs, every day,
in home, school,
office and shop. Model B8R
It removes staples
with a gentle push
of the blade. No lift,
twist or pull. Try it
for yourself. \$3.50

How An Advertised Article Sold 15 to 1 Over An "Unknown"

Lit Brothers, Philadelphia de-
partment store, recently conduct-
ed a test to determine the selling
power of advertising.

Simmons mattresses, a brand-
ed, advertised product, sold 15 to 1
over identical mattresses bearing
a fictitious brand label which was
unknown to the public.

The store then lowered the
price \$5 on the mattress with the
fictitious label. Simmons mat-
resses still outsold the "unknown"
mattress by 8 to 1.

Later a \$10 differential was im-
posed. Simmons mattresses still
outsold the "unknown" by 14 to
13.

Bungalows by Burro

The United Nations estimates that 150 million families in underdeveloped areas lack adequate housing.

One answer is a frameless, build-it-yourself house designed by Canadians of Canadian aluminum. It needs no foundation; is non-corrosive and verminproof; is so lightweight that it is packed in cartons easily carried by plane, jeep or even burro.

The Colombian government has ordered 3,200 of them to help relieve the shortage of rural housing in that South American country. So it's not surprising, with aluminum travelling so far and doing so much, that Alcan is again increasing its smelting capacity in both Quebec and British Columbia.

ALUMINUM COMPANY OF CANADA, LTD. (ALCAN)

District News

LOMOND

Mrs. M. McLean of Edmonton is a visitor in Lomond, guest at the home of her brothers, Martin and Henry Edenloff.

At long last we have a bank in Lomond. Lets just work to keep it and make it a success. The Treasury Branch Bank is in Frost's Red and White store with Mr. Frost in charge. Be sure to take advantage of the banking facilities now offered you and for which you have been fighting so long.

Lucky winner of the bath towel at Frost's Red and White store on Saturday Sept. 15 was Mrs. George Yanosik. The winner of Saturday Sept. 22 was Mrs. Earl Helland. Congratulations.

Best wishes for a speedy recovery are extended to Orville Herman, who was very seriously injured in a combine accident last week.

Mr. and Mrs. Ward Hanna and family of Portage La Prairie Man. have spent the past three weeks visiting at the home of the former's parents, Mr. and Mrs. A. R. Hanna. Miss Charlotte Chase was a visitor on Sunday at the home of her sister Mrs. Ralph Richardson of Berrywater.

Allan Shrigley of Vulcan is helping with the harvest at the McKay farm.

Congratulations are extended to Mr. and Mrs. Alf Loker on the birth of a daughter, Sunday Sept. 2. Name Robin Gail.

Best wishes for a speedy recovery are extended to P. J. Degenstein who is a patient in the Vulcan hospital.

Mrs. Harris Caulfield was a visitor in Calgary several days last week guest at the home of her parents Mr. and Mrs. E. M. Benson. Harrison Caulfield, son of Mr. and Mrs. H. M. Caulfield is taking his Grade XI studies in Calgary.

Leon Root, son of Mr. and Mrs. Glen Root is attending school in Champion where he is taking his Grade XII studies.

Charles Jenkins of Edmonton is visiting friends in Lomond before starting classes at University.

Mrs. Elsie Williams has returned home after enjoying a holiday visiting at Westward Ho, Edmonton

on and other points.

Lomond Women's Lutheran Missionary Federation

The September meeting of Lomond W.M.F. was held at the home of Mrs. H. Birkness with 15 members, 2 visitors and Pastor and Mrs. Foster present.

Pastor Foster gave the devotional after which the usual business was carried on. It was decided to hold a bazaar and supper at a date to be announced later. Anyone having any sewing on hand or donations for the bazaar to be handed in before October 10.

Mrs. Foster, who is well versed in Missionary work gave a talk on Child Nurture in Japan which gave us an idea of the Christian life of families there and the need of more help for teaching of Christianity to all foreign peoples.

A lovely lunch was then served by the hostess and her helpers. The next meeting will be held at the home of Mrs. Florence Sokvitne on October 17 when it is hoped harvest will be over and all members turn out.

MAJORVILLE

The Lutheran W.M.F. held the September meeting at the home of Mrs. Lewis Greaves with twelve members present. During the business session it was decided to start a building fund for the Milo-Queens town church, it is expected that plans may shortly be made to have the church moved to a site in Milo. One hundred dollars was also voted towards the minister's salary and twenty-two fifty will be sent Pastor Olson in Calgary to sponsor a broadcast of the Lutheran hour in memory of Mrs. C. Northcott, Mrs. Pete Soil and Mrs. Pete Thompson all former members of W.M.F. Plans for the fall tea and bazaar were held over till next meeting but it is expected that this project will be held near the end of October. Pastor Foster had charge of the devotional period. A lovely lunch closed the meeting assisting hostesses were Mrs. Francis and Mrs. Prentice. The next meeting will be at the home of Mrs. George Heather.

Mr. and Mrs. Alf Lines, of Los Angeles California are guests this week at the home of the latter's brother and sister-in-law Mr. and Mrs. Will Francis and supper guests on Tuesday at the Francis home were Mr. and Mrs. Clare Francis of Longview. Other relatives visited by the folks from California were Mr. and Mrs. Bill Klemme, Mr. and Mrs. Louis Greaves, also Mr. and Mrs. Sam

Francis of Shouldice.

Visitors at the home of Mr. and Mrs. G. Heather last Friday were Mrs. Damiel Corbiell, Mrs. Don Gordon and Mrs. Martial Rougeau, of Cluny.

Of local interest is the birth of a daughter to Mr. and Mrs. Harold Beattie (nee Betty Bartsch) of Calgary.

Mrs. Alf Heather took over the school van driving duties for Carl Johnson while Carl does his harvesting.

Harvesting took another setback when rain started falling around 1:30 a.m. on Friday. By 10 a.m. over an inch of rain had fallen. Some farmers are almost through harvesting grain but green feed is for the most part still out. During the ten days of good weather combines were operated long hours in an effort to beat the weatherman and his upsetting delays. Hail damage this year was confined to only a few spots and although frost damage shows in some fields it has been another bumper year. Yields are reported from 35 to 45 bushels on summerfallow wheat and 25 to 30 for stubble wheat. No reports are available on the yields of barley or durum.

Belated birthday wishes are sent to Will Francis who passed his 70th milestone on Sept. 17.

Ernie Heather, with a two week vacation, came down from Calgary to give his uncle George a helping hand with the harvest.

Miles Clemmons is somewhat improved in Bassano hospital following injuries received when his pants leg caught in the power take off shaft of the swather. Miles only had about a minute's work left when he stepped down to release the canvas of the swather which was tangled with weeds. X-ray at hospital revealed three broken ribs and compound fracture of the shoulder bone, as well as badly bruised ankle and shoulder. He was also suffering shock, but barring complications the doctor advises he may be able to be home in a week's time.

Mr. and Mrs. Strang Fraser and Kenny of Cluny were visitors at the home of Mr. and Mrs. Bert Clemmons on Saturday.

BRANT

Mr. and Mrs. Don Wilkinson and family motored from Calgary for the weekend to visit the former's parents Mr. and Mrs. Jim Wilkinson.

Elton Wilkinson from Exshaw was home for the weekend. Mr. and Mrs. John Druhah arrived home Saturday for a week's holiday spent with relatives and friends in Saskatchewan.

The Ladies Aid will meet on Thursday afternoon Oct. 4. Miss Arlene Ball left Monday evening for Edmonton where she will continue her studies at the

News From Carmangay

Mr. and Mrs. Harvey Simmons Tacoma Washington left for home and children spent the weekend at having spent three weeks visiting the home of Mr. and Mrs. George Simmons.

Mr. and Mrs. A. A. Ottosen of was visiting at the home of Mr.

and Mrs. Alf Wynn last week.

Mrs. Knight Sr. is a patient in the local hospital.

Miss May Moore of Calgary spent a week visiting at the home of Mr. and Mrs. Milo Seebech.

Miss Heather Ellen McLean has taken up residence with Mr. and

Mrs. Allan McLean.

Mrs. Elsie Williams of Lomond is visiting at the home of Mr. and Mrs. Milo Seebech.

Word was received here of the death of Mrs. John S. Hulbert of Edmonton, daughter of the late

Dr. Andrew F. Wilson of Carman-gay.

Born and educated in Carman-gay, she was a graduate of the Royal Alexander School of Nursing in Edmonton and acted as operating room supervisor for a

number of years.

Surviving are her husband, a daughter Patricia Louise, her mother Mrs. Bernice Wilson, brothers Douglas Wilson of Kirkcaldy and Lindsay Wilson of Lethbridge, and sisters Mrs. Georgina Embelau of Calgary and Mrs. Mary Alverson of Edmonton.

Funeral services were held in Foster and McGarvey funeral chapel in Edmonton with Rev. J. K. Martin officiating. Burial was in Beechmount cemetery in Edmonton.

Word has been received here of the death in Vancouver, B.C. on Sept. 12 of Mrs. Florence Beaumont. She was well known in this district, having come here in 1918 with her husband, F. G. Beaumont, from Calgary.

Born in England 85 years ago, she was a member of the Anglican Church and served ten years as treasurer of Emmanuel Church Guild. Her husband, was a lawyer and was made a K.C. in 1943. He passed away in 1946 after which Mrs. Beaumont moved to Vancouver to be near her daughters.

She is survived by three daughters, Kathleen, Mrs. Winifred Carter and Mrs. Marjorie Hamilton. The funeral was in Vancouver.

Miss Elva Bowman

Friends will be sorry to hear of the death on Aug. 21 of Miss Elva Bowman at Edinburgh, Indiana.

Her father was well known in this district as his farm was two miles north of Carmangay. He settled there in 1912.

Miss Bowman was born in Indiana in 1886, the daughter of William H. and Ida Bowman. She was a graduate of Madison School and Franklin College and also of Chicago and Butler universities. She retired in 1952 after teaching Latin and history for 39 years at Edinburgh high school. She was a member of Edinburgh Christian Church, which she served as organist for 30 years. She was active in a number of organizations, among them Tri Kappa and the Business and Professional Women's Club. For many years she spent her holidays at the farm home here.

Her brother, James Bowman, passed away here in 1943. Surviving is her sister, Miss Mary Bowman, 302 South Holland St., Edinburgh. The funeral was at Edinburgh with interment in the family plot.

and Jean and Mr. and Mrs. O. Brown.

Mr. and Mrs. Howard Rogers of Calgary were weekend visitors at the Cliff Andrews home.

BERRYWATER

Mr. and Mrs. Merwin Harvey and sons, Harold and Merwin, Jr., of Calgary were Sunday visitors at the Les Richardson home.

Mr. and Mrs. Otto Heisler and family of Calgary spent Sunday at the J. S. Smith home.

Mr. and Mrs. Ross Smith and family have left to make their home in Calgary.

Guests at the N. L. Richardson home last weekend were Mr. and Mrs. C. Sheepp and children of Calgary. On Sunday Miss Charlotte Chase and Bob Nimz were also guests at the Richardson home.

Mr. and Mrs. Bill Sharp had as their guest on Friday, the latter's nephew, Sam Greaves of Mirror, Alberta.

Judy McWha of Edmonton is visiting this week at the D. Sim and S. Douglass homes.

Mr. and Mrs. George Miller of Calgary spent the weekend at the Lorne Healy home.

Miss Nelda Bell of Calgary is spending a couple of weeks at the Martin Hoffman home.

The next FWUA meeting will be held at the home of Mrs. Muriel Smith and Miss Seldon, district home economist will be giving a demonstration on oven meals, at this time.

There are three national parks in Ontario, Point Pelee, St. Lawrence Islands and Georgian Bay Islands.

Canada's no. 1 home need:

more rooms and more room
more shelf space to store things
more cupboard space to put things
more closet space for everything

here's how Sylvaply plywood can create extra storage and living space in your home!

Handsome, useful units for every room,
attic and basement conversions...all are easy
to make! Whether you do it yourself or have
it done - you save either way with Sylvaply!

Free plans for these - and many more storage & remodelling ideas at your lumber dealer's now!

ATTICS & BASEMENTS: so much valuable space going to waste! Convert them into playrooms, workrooms, bedrooms... do it in your spare time with Sylvaply! Free folder shows how quickly the 4'x8' Sylvaply panels cover a lot of area, go up with a minimum of effort, are easy to erect by any homeowner. And when your project is done, you'll be surprised at the amount of added value you have given your home!

MODERN KITCHEN CABINETS: or a brand new kitchen, the Sylvaply kitchen cabinet booklet answers your kitchen storage and remodelling problems! Now you can have cupboards for canned goods, shelves for appliances, cabinets for pots and pans... room for everything! It's a booklet that will save you many dollars... and it's absolutely free! Be sure to get your copy at your lumber dealer's.

WALL TO WALL VANITY: just what your bedroom needs! Even has fold-away makeup table, is easier to make than you think. A vanity like this answers your where-to-store-it problem, from undies to bed linens. Even the drawer design, so often the bugaboo of do-it-yourselfers, has been simplified. See your lumber dealer for the free plan... and proudly present this vanity to your wife!

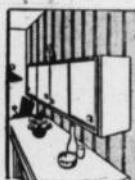

BEDROOM STORAGE WALL: solves clothing storage problems from suits to socks! Designed for easy building with 4'x8' Sylvaply panels, can be built to any size in any bedroom. Has a "his" and "hers" section, costs about one-third the retail price to make! Average skill with ordinary woodworking tools, and the free plan can create this unit for any family. Start on it this weekend!

BUNK BEDS: just what youngsters want, has a built-in storage cabinet for toys, clothes, bed linens. Strong, handsome, will serve from the early years 'til way in their teens. Needs no springs, is assembled with ordinary butt joint construction. Actually, if you can handle a hammer and saw, you can make this long-life bunk bed in your spare time.

LIVING ROOM ENTRY DIVIDER: a boon for the home without an entrance hall! Gives your living room new dimension, gives you storage space for books, records, glassware on one side... has a closet on the hall side, and uses only a 12" strip of floor space! Be sure to see your lumber dealer for a free plan... this home improvement project is a beauty!

SHELVES & CUPBOARDS: every room can use them, any amateur can make them! Free plan is a-b-c easy to follow; all you need are simple woodworking tools and Sylvaply. And what a pleasure to use this handsome plywood! Saws easily, can be finished or painted in dozens of ways. Think of the uses you have for cabinets and shelving like this!

WORK BENCH WITH CABINETS: the do-it-yourselfer's basic need. Has storage space for everything: tools, nails, screws... and best of all, is sturdy, strong, easy to make. So well designed, you'll want to paint it and make it a recreation room feature! Free Sylvaply plan shows you precisely how to go about making this essential unit.

DINING-LIVING ROOM DIVIDER: creates two rooms where there was one, creates extra storage space as well. And how simple to make! Basic instructions and Peter Whittall's easy-to-follow instructions are all you need. Plus, of course, Sylvaply from your lumber dealer. He has this free plan for you. Be sure to see it, read it, start this unit right away!

FLOOR CABINETS: for dining room, den, everywhere you need counter height storage space. Beauty of building them with Sylvaply is the simplicity of construction... and the free plan tells precisely what to do. Peter Whittall, Canada's Mr. Do-it-yourself prepared the plan, so you know they're easy to make!

Your lumber dealer also has FREE PLANS for these indoor-outdoor home improvement projects.
Sylvaply can help you make them... start in now!

SHELF DOOR WARDROBE	DEMOUNTABLE MUSIC WALL
ODDS AND ENDS CABINET	MUSIC AND-TV CENTER
FLEXIBLE STORAGE WALL	GARDEN CABINET
SECTIONAL STORAGE WALL	STORAGE PORT
CHILD'S STORAGE WALL	OUTDOOR STORAGE WALL
UNDER-EAVE STORAGE	ISLAND ENTRY WALL

New Sylvaply specialty plywoods!

Now, in addition to famous Sylvacord, Canada's leading decorative plywood, your lumber dealer has four new decorative plywoods for wall panelling projects.

BLOCKLINE: plywood with a pattern of rectangular plaques.
BEACHCOMBER: has a weathered grain textured surface.
PINSTRIP: with vertical line texture for a pleasant decorative effect.
TRENDWALL: grooved surface to simulate vertical planks.

In homes, on farms, in industry, Sylvaply is used because it's sturdy and strong, because it has long life, because it's handsome to the eye and easy to work with. Actually, it's Canada's busiest home-making material, used in thousands of ways, from roof sheathing and subflooring to cupboards and cabinets. And wherever it is in use, it adds strength and beauty, adds long life, utility, and value. Yes, Sylvaply is the engineered miracle in wood... for home-makers, farmers, contractors, industry!

Pull Up Those Sagging Profits

... from your STUBBLE CROPS by applying the Southern Alberta proven nitrogen fertilizer, NITRAGRO-82, this fall.

REMEMBER, it costs just as much to cultivate, seed and harvest a 15-bushel crop as it does a 30-bushel crop.

Extra bushels mean higher profits. Get those EXTRA BUSHELS at little additional cost by applying NITRAGRO-82 this fall. Yes, THIS FALL cultivate and fertilize in one operation. NITRAGRO-82 is the ONLY fertilizer that chemically combines with the soil so there is absolutely no loss over winter.

**J. W. WINKLER, TABER, ALTA.**

Nitragro-82 Fertilized 33 bus. acre
NOT Fertilized 14 bus. acre
YIELD INCREASE 19 bus. acre

IT IS A FACT that stubbled-in crops invariably yield less than summerfallow crops even when moisture is ample. The main reason is a shortage of nitrogen, so apply this plant food easily and economically this fall with the proven fertilizer, NITRAGRO-82.

We supply ALL NECESSARY EQUIPMENT at a low rental rate.

See us NOW to assure prompt fall delivery — our equipment is limited.

District News**KIRKCALDY**

Recent visitors at the Spencer Lewis home were Mrs. Flora Symons of Saskatoon, Sask. Miss Ethel Lewis of Ardenode, Alta. Miss Hazel Rowe and Bob Ware of Calgary.

Mr. and Mrs. K. Carnegie motored to Calgary on Sunday to see Buster who is making favorable progress after his recent operation. Dennis Andres entertained several friends at his home on Sunday on the occasion of his tenth birthday.

Mr. and Mrs. William Todd of Black Diamond spent Sunday at their farm here.

MILO

The first Home and School meeting for the 1956-1957 term was held in the school auditorium on September 19th. Installation of officers took place and the positions were filled as follows: President, Mrs. Betty Papp; Vice-President, Mrs. Audrey Thompson; Second Vice-President, Mrs. Ap Kishka; Secretary, Mrs. Roy McIntyre; Treasurer, Mrs. Eva Ivers.

The principal, Mr. Purdy, was introduced, and he in turn introduced the teaching staff. Delegates to the Banff workshop were appointed. They are Mrs. Betty Papp and Mrs. Dorothy Moore.

Mrs. Moore gave a report on teacherages. A vote of thanks was moved by the teachers for her committee, and a special thank you to Mr. Bob Bertrand for his untiring efforts in this respect.

Room mothers were appointed as follows: Grade 1 and 2, Mrs. Edna Shield; Grade 2 and 3, Mrs. Muriel Monner; Grade 4, Mrs. Nancy Smith; Grade 5 and 6, Mrs. Edith Willard; Grade 7, Mrs. Ruth Herman; Grade 8, Mrs. Chester Anderson; Grade 9, Mrs. Gladys Shield; Grade 10 and 11, Mrs. Lil Peterson; Grade 12, Mrs. Helen Bertrand.

A past-president's pin was presented to Mrs. Margaret Lahd for her services during the past year. The presentation was made by Mrs. Frances Bertrand.

The business meeting was followed by a "Teacher's Tea" served by the room-mothers.

The United Church Ladies' Aid are sponsoring a produce sale in the old municipal office on September 29th (Saturday evening) at 8:00 p.m.

A birthday picnic was held at St. George's Island on September 22nd, in honour of Miss Sylvia Moore on her 8th birthday. He guests for the occasion were Janie Carson, Roxanne Hellevang, Donna Hellevang, Carol Kishka, Joan Papp, Linda Page, Sylvia Kirby and Linda Morin. The girls toured Calgary and enjoyed picnic lunches for dinner and supper at the "Island". Many gifts were received by Sylvia from her guests.

Mrs. and Mrs. Aubrey Gore and boys, accompanied by Mr. and Mrs. Cliff Hellevang and Mr. and Mrs. Haldor Thompson enjoyed a week-end camping trip on the Highwood River. They were joined Sunday by Mr. and Mrs. Con Peterson and Mrs. Marge Beckner.

Miss Betty Dishaw and Mr. Robbie Thomson left for Edmonton on Sunday where they will attend the University of Alberta.

The Lions Club have now erected all the gatepost signs made by them for the Milo-Queenstown rural and urban residences.

Mr. and Mrs. Gordon Ivers were Gleichen visitors on Saturday at the home of Mr. and Mrs. Charlie Carson.

Mr. and Mrs. Ken Stumpf and boys spent Sunday at Lomond.

Miss Jean Thomson spent Monday and Tuesday at her home here.

Mr. and Mrs. R. K. Purdy and Mr. and Mrs. Al Moore motored to Calgary on Saturday.

Ron Fetcner has been issued a transfer to the Lethbridge branch of the Bank of Nova Scotia.

Miss Audrey Bushel left last week to work at her new post in Calgary. She has been transferred to the Macleod Trail Branch of the Bank of Nova Scotia.

Mr. and Mrs. Hastie are moving to Peacock Siding, near Lethbridge.

Miss Marguerite Anderson spent the weekend with friends and relatives in Calgary.

Miss Betty Anderson visited with her parents at Champion over the weekend.

Miss Lucille Thorstenson motored to Lethbridge on Saturday to attend a friend's wedding, and spent Sunday at her home in Coaldale.

The C. Umscheids and R. O. Bertrands were fossil-hunting at the river on Sunday, bringing home some rather odd specimens.

Sandy decided to investigate the outdoor world on his own last weekend and failed to return to his anxious owners. Sandy is a little Budgie bird belonging to the Marwood Jones family.

EASTWAY

Mr. and Mrs. Orlo Doane, Donna and Orle attended the Stav-Houlton wedding in Nanton on September 15. The bride, Miss Evelyn Houlton is Mrs. Doane's niece.

Mrs. Hazel Herdman and family of Calgary spent Sunday visiting at the Orlo Doane home.

Mr. and Mrs. Lionel Lucas and family were Sunday dinner guests at the home of Mr. and Mrs. Mel Burgess.

Mr. and Mrs. Mark Holton and Mrs. McNiven of Calgary visited Sunday at the Bill Holton home. Mrs. McNiven remained to spend the week with her son and his family.

Miss Joyce Sandberg of Nanton spent Tuesday visiting with her friend, Shirley Burgess.

Mr. and Mrs. Ted Rummel and Marilyn of Burdett were weekend visitors at the Holton home. Ted returned Sunday, Eleanor and Marilyn remaining to visit for a while.

Sunday visitors at the Johnson home were Mr. Myhre, his daughter, Mrs. Hanson and her son Arnold, all of Calgary. Mr. Myhre is Mrs. Johnson's brother.

Mrs. Lent and Mrs. Rodhouse motored from Calgary Sunday and spent a few hours visiting with their friends, Mrs. Johnson, Sivert and Harold.

Misses Darlene Crick and Shannon Houlton accompanied Norman Reynolds to Edmonton at the weekend when they visited his mother who leaves shortly for her home in New Brunswick.

Mrs. Winifred Oldfield of Dundalk, Ont. and Mr. and Mrs. Wilson Oldfield visited at the Archie Oldfield home on Sunday.

A shagbark dinner was held at the Pat Laughlin home last Sunday in honor of the Smedstad family from Portland, Ore., who have been visiting relatives in the district. Mr. and Mrs. Fred Smedstad left by train Monday evening to return to their home.

Miss Evie McMullen and Mary Holoboff and Ronnie visited their parents over the weekend.

Mr. and Mrs. Mildos of Mossleigh were guests of Mr. and Mrs. Buck Cockwill on Sunday.

Gordon Neufeldt and Gordon Leich of Edmonton were house guests of Mr. and Mrs. Wilf Malmberg last week.

Congratulations to Dale Wyatt upon winning a scholarship at Arrowwood, presented to him by the Home & School.

Mr. and Mrs. Emmanuel Rushfeldt and Randy of Calgary visited with the Victor Rushfeldts over the weekend.

The Gooches, Wyatts, Hellevangs and McKenzies visited at the Pat Laughlin home last Sunday.

ENSGN

for the second year and Allan
Myer is taking his first year in
Geology.

GRAIN CROPS ON BROKEN GRASS SOD REQUIRE NITROGEN FERTILIZER

For many years farmers have
commented that cereal grains seed-
ed on land broken out of grass
produce poor crops the first year
after breaking. Often the crops
lack the rich green color generally
associated with thrifty growth.
Grasses are heavy nitrogen feeders
and large quantities of soil nitro-
gen are required by bacteria in
rotting down the grass sod. Thus
the ensuing crops may suffer from
nitrogen starvation.

The best way to get a normal
crop following the breaking of a
grass stand is to apply nitrogen in
the form of ammonium nitrate fer-
tilizer, says C. H. Anderson, Senior

Agronomist, Experimental Station,
Beaverlodge, Alta.

This season four-year-old stand
of creeping red fescue near the
Station was broken in early May,
worked down and seeded to wheat.
The soil was a degraded black to
black. At time of seeding, ammoni-
um nitrate was applied to 100 lbs.
per acre and check strips were
left for comparison.

The untreated checks yielded 4.1
bushels per acre of wheat, whereas
th fertilized strips yielded 16.0 bus-
hels per acre. The addition of 100 lbs.
per acre of nitrogen fertilizer in-
creased the yield by 11.6 bushels
per acre and made the difference
between a crop failure and a pay-
ing crop!

A similar experiment on brome
grass broken out of bed in 1951
and seeded to flax also shows the
value of nitrogen fertilizer. Am-
monium nitrate fertilizer applied
at 80 pounds per acre increased the
flax yield by 7.0 bushels per acre.
The untreated check yielded 9.2
bushels per acre. Taking into ac-
count the cost of the fertilizer in-
creased the farmer's returns by \$20
per acre.

These experiments indicate that
it is profitable to apply nitrogen
fertilizer to grain seeded on land
broken out of grass sod.

Brief Items of Local Interest

Sunday guests at the W. W. Clark-
son home were Mr. and Mrs. Roy
Witting of Brooks and Mr. and Mrs.
Glen McAllister of Lethbridge.

Congratulations to Mr. and Mrs.
Roy McLennan on the birth of
their first son, Monday, September
24th, at the local hospital.

Mrs. Eva Bowie, who accompa-
nied Mr. and Mrs. Les Marshman and
daughter of Royalties, to Great
Falls, Montana, last week has re-
turned home.

Friends of Mrs. Percy Myers will
regret to learn she was admitted to
the local hospital last week, where
she is still a patient.

The Lionette World Series Base-
ball Pool tickets are now on sale
in our local stores. Get yours now
and aid the Lionettes in putting
on a very special "Senior Citizen
Night" this year. 6-3c

Howard Marshman has been a
patient in the Vulcan hospital for
several days as the result of a hand
injury sustained while working on
a combine, at his farm.

Mr. and Mrs. Jim Berg and girls
spent a few days at Banff last week.

Mr. and Mrs. Kay Jensen of Leth-
bridge were weekend guests at the
home of the latter's parents Mr.
and Mrs. Montie Findlay.

Mrs. Roy Clarkson of Calgary was
a business visitor here recently.

A number of Vulcanites motored
to Calgary on Sunday to attend the
exhibition ball games between the
Brookman Dodgers and the Medi-
cine Hat Orphans, in which Glen
Gorbous played with the Calgary
team.

Mrs. A. Hough of Regina, Sas-
katchewan, is at present visiting
with her son-in-law and daughter,
Mr. and Mrs. L. Granlin.

Mrs. Kathryn Wiersma arrived
home last week after spending the
summer months at Esquimalt, Vic-
toria and Vancouver. She visited
the famous Butchart Gardens and
also saw the raising of the world's
largest totem pole. While at the
coast she visited with her daugh-
ter, Mrs. Beulah Anderson at Vic-
toria and son James in Vancouver.

Harry Ferguson of Claresholm
visited here briefly on Sunday.

Judge and Mrs. L. H. Stack of
Calgary were recent business vis-
itors here.

LAC Johnny Hunter, of Comox,
B. C., who is spending a month's
furlough here, was met in Calgary
on Sunday by his parents, Mr. and
Mrs. John Hunter, on his return
from a course in Newfoundland.

Guests at the home of Mr. and
Mrs. B. Somerville recently were
Pastor and Mrs. M. Kemery and
daughter Karen of Dapp, Alta.

The annual L.D.S. Turkey Sup-
per will be held in the Recreation
Hall of the L.D.S. Church at Cham-
pion on Tuesday, Oct. 23. —adv'tc

Sunday guests at the H. A. La-
Roche home were Mr. and Mrs. Ed
Gilroy and Mr. and Mrs. Merv Mc-
Intyre and Gail of Calgary.

Clarke Lamont of Calgary spent
the weekend with his grandmother,
Mrs. Margaret Dobbs.

Friends of Miss Lizzie Fulton will
be sorry to learn she entered the
local hospital on Monday.

Mr. and Mrs. Ross Smith and
children left Sunday for Calga-
ry where they will make their home.

Mrs. W. J. McIntyre is spending a
few days in Calgary this week.

Mr. and Mrs. Verne Spier of Cal-
gary were Thursday guests at the
Wm. Peters' home and while here
also visited with other relatives
in the district.

Mr. and Mrs. Bert McCubbin of
Ladner, B. C., have been guests at
the home of the latter's brother and
sister-in-law, Mr. and Mrs. Charles
Northcott.

Brian Loucks left this week for
Drumheller where he will resume
his high school studies.

Mrs. Edith Kerr and son, Robert
of Red Deer were recent guests for
several days at the home of the
former's brother and sister-in-law,
Mr. and Mrs. C. R. Robson.

Local young people who left on
Sunday for Edmonton, to enter the
University of Alberta, were Ger-
aldine McKay, daughter of Mr. and
Mrs. Bruce McKay, who will be a
student in the Faculty of Educa-
tion; Eddie Robertson and Bill Han-
sell, Faculty of Medicine; Michael
Jantzie and Peter Fleming, Faculty
of Engineering; Ronnie Northcott
and Warren Banks, the Faculty of
Pharmacy.

Friends of Verne Orchard, son
of Mr. and Mrs. Mike Orchard will
regret to learn that he had the mis-
fortune to shoot himself in the foot,
while out hunting on Saturday. He
was taken to the local hospital
where he underwent surgery to re-
move the injured toe. He is now
back at home recovering from his
accident.

Bobbie Renaldi of Ponoka visited
at his home here over the weekend.

The many friends of Mrs. Annie
Clements, well esteemed district
resident were saddened to learn of
her death on Monday. The Adv-
ocate hopes to be able to have full
details for next week's paper.

Sympathy is extended to Emil
Olson on the death of his wife in a
Calgary hospital, on Monday. It
is hoped to have more information
for next week's Advocate.

Alberta's Fine New Booklet

The Alberta Department of Eco-
nomic Affairs has issued a hand-
some booklet entitled "This is
Alberta." Hon. Russell Patrick,
Minister of Economic Affairs ex-
plains the purpose in these words:

"Through the medium of photo-
graphs we have endeavoured to
picture the Province of Alberta—
its cities, towns and countryside;
its many diverse industries and the
people who man them; the Alberta
way of life in all its aspects. We
hope that you have found this book
both interesting and informative."
The idea of this finely illustrated
publication is to interest tourists.

"This same Jesus, which is tak-
en up from you into heaven, shall
so come in like manner as ye have
seen Him go into heaven."

—Acts 1:11
Jesus said to his disciples: IF I
GO and prepare a place for you,
I WILL COME AGAIN and re-
ceive you unto Myself; that where
I am there ye may be also."

—John 14:3
As surely as He went away He
will come again.

Jesus is coming, shout the glad
word;

Coming for those He redeemed by
His blood.

Coming to reign as the glorified
Lord;

Jesus is coming again.
